

Divorce Course

A how-to course for people who want to file for divorce in Cook County, Illinois but do not want to pay to retain an attorney

Monthly memberships get you...

- * All the forms needed in order to complete your divorce.
- * Instructions and guidance on how to fill in the forms.
- * Instructions on how to e-file your legal documents.
- * If applicable, lectures on how to calculate child support, how to fill in the parenting plan form, information about the required parenting education classes, access to our maintenance calculator and an explanation of maintenance.
- * Information on how to schedule time to go before a judge.
- * 2 hours per month access to talk with an Illinois-licensed family law attorney who practices in Cook County.

How is Divorce Course unique?

1. We're more than just filling in forms.

The divorce process in Cook County involves much more than just filling out forms, but some web services do only that. These other services often claim to “get you divorced in 3 easy steps”, and that you will never go before a judge. That is just not possible in Illinois! We know the steps it takes to get divorced in Illinois because we work here. Your case will involve filling in forms, e-filing them, getting a date to go before a judge, prepping work, and then actually going before the judge. It may also require you to get transcript, pay for it and e-file it. **We walk you through each of these steps; other services do not.**

2. We're much more affordable than retaining a divorce lawyer.

Most family law attorneys require that you pay them thousands of dollars before they will represent you. And typical rates for divorce lawyers in Chicago are about \$300 per hour. With Divorce Course, each month our members get unlimited access to our content plus two hours to talk to our Illinois-licensed divorce attorney. You're not going to talk to a non-attorney, a legal coach, a paralegal.... you'll be talking to a local attorney who has experience with the Courts and knows process the process to get divorce in Cook County. **You will save thousands of dollars by using Divorce Course instead of retaining a lawyer.**

Prices
